

Joining criteria for the Clinical Champion programme

A compelling and ambitious vision for delivering change in diabetes care at a national or regional level.

Belief:

- That **you** can change things
- That change is possible
- In the importance of personal and professional development

Evidence of:

- Previous personal development and/or leadership development work, including developing self-awareness, and a keen understanding of personal strengths and developmental areas
- Relationship focused, collaborative working practice and supporting others to achieve change
- Delivering diabetes care improvement work that has achieved impact at a system level (in your local community, in your region, or nationally)
- Commitment to tackling inequality
- Commitment to engaging and working with people with and at risk of diabetes
- Interest in systems thinking and sustainability in healthcare improvement practice
- Open-mindedness and willingness to learn

This is a Diabetes UK project in collaboration with Novo Nordisk who are providing support and funding.
